It is seen that according to the Statement of one of the agents the probable income from the landed estates belonging to the Matt is over Rs 6000/- (which, if anything at all, is an under-estimate, ~~according to~~ in the opinion of the Sub Divisn officer) per annum. At the time of the accession of the present Swamigalu (in 1896) the Matt is stated to have had at its credit a sum of Rs 19,000/- in interest-bearing bonds and to have been in possession of jewelry valued more than Rs 50,000/. In the course of about 15 years the Swamigalu has not only withdrawn the cash investments & spent them but has also incurred debts to the extent of Rs 20,000/- by encumbering the ~~landed~~ landed estates and to a further extent of Rs 20,000/- by pledging the Matt jewelry. As the Swamigalu had thus exceeded all bounds in expenditure and risked the solvency & stability of the Matt to a great extent, the Sub Division officer & the Dy Comr recommended that the Matt should be ~~s~~ +

I went into the matter affairs with the help of Shanbog Hanumanta Rao when I was last at Avani. As there was no one present on behalf of the Mathe who could give detailed information about the encumbrances and monetary difficulties of the Mathe, I left detailed instructions with the Amildar for a report on the present conditions with special reference to the activity of the Mathe after Swamiji taking over management.

A report has since been

received but it does not afford sufficient basis for action. There have been offers of sorts to find money to pay off creditors if the lands already sold up often could be restored, a condition which seems the utmost impossible to fulfil

'35 The matter Thavarai has again sent a reminder through the Shanbog Hanmanta Rao who is since styled Matte Parupathyar. I had a long talk with him and he is unable to satisfy himself with statistics that the matte properties can be pulled through from the present difficulties with prudent management and that the Govt are not asked to get into a hornets' nest without substantial benefit to any party.

'36 Two courses are possible, one is to take up the management of all the properties still in the ownership of matte if by doing so we will be saving the matte for a future career of usefulness and the other to proceed against the Devadayam properties entered by the matte, now alienated but not necessarily to restore them back to the temple.

This is one of the long pending cases in the Department due to the complicated nature of the case and the insufficient information.

2) The file notes (1 to 4) detail how the question arose and what action was taken at the various stages. The question has been under Govt. Consideration off and on since 1900. A warning was administered by the Swami in 1904 to mend his ways and when this proved ineffectual the disciples moved for the ball for parties having taken under the ways mentioned. The 8½ cents was desired to have his personal influence with the ryots to cancel the course. In the meanwhile action was taken to take away from his management the Mariamman Teppakulam Pagoda, Lingam, and Swami and this crippled the influence and resources of the Swami.

2. Beyond sending a petition the Swami has absolutely rendered no help to Govt. to ascertain the exact position of affairs and he has been continuously absent from there. Neither the reports of the Commissioner the special reports of Mr Vedanta Desika Iyengar give the necessary information and even such as is mentioned is hopelessly more or less hearsay.

The Statement sent to Govt. with the Dy Comrs letter No. 56 dt 6.8.13 gives details of these lands and the Extent of their alienations.

Mere have also been large acquisitions both by purchase & gift from private sources by the Lattiny Jeers besides the State.

5b There have been petitions to Govt from the residents of Avani and deputies of the Mutt complaining that ever since the present Swamis became the Pattadhipathy, the Mutt endowments have mostly been alienated, the Mutt Jewels either sold or pledged, and the Mutt money squandered by the Swamis. Successive Dy Comrs have reported about the unsatisfactory condition of the Mutt and represented to Govt that the Mutt from ruin is to take over its management under their control and relieving the Swamis from all responsibility in regard to the Mutt affairs.

No. 2085-7/Mun: 382-07-6 of 5 March 1912. This did not mend matters, for I have the advice given and the warnings administered by the Dy Com^r and finally by the Munsif Sujata, a much wise.

Notification No. 543/Mun 681-11-2 of 7.11.12) has to be an epoch in the Swami's career life and attitude towards Govt. If he held on for sometime longer, the harrassment he brought upon himself by his clever of income yielding lands, the fall in the Cauvery thereby, the consequent necessity for raising funds on pledges of lands &c &c he would have opened his eyes to his situation & Caused him to move Govt. to take up the management of the Mutt & Temple (vide the G.O. dated 14.10.1913 of the Govt. There followed a no. of Srivaishnavas the Swamis applying for a large loan of Govt. this order to enable them to pay off his debts, or for the assuming of the Matt properties by Govt. until or last a set of forms was sent to the Swamis in which to furnish accounts relating to the Matt so as to enable Govt. to know the exact financial position of the Matt and whether the Swamis intends these heads to co-operate with Govt. in trying to place the Matt on a satisfactory footing. The Swamis has now sent up 6 statements of accounts as follows :-

Statt. I Showing the properties acquired by purchase and their Extent & their alienations.

Statt. II showing the Inam lands granted to the Matt & the Extent of their alienations

Statt. III - Showing the properties endowed by the disciples of the Matt, and the extent of their alienations

5) The accounts sent up by the Tahsildars are by no means clear, but are on the other hand confusing, and do not seem to indicate the real situation. A Col: is opened in the accounts & figures entered therein to show the Amts expected to be remitted out of the debts incurred; but the remarks Col: shows that no such remission can be expected unless with Govt interference.

6) Stat: No. II which is a list of Inam lands granted to the math makes mention of a Civil Court decree in one of the properties. The list of endowed properties received from the Dy Comr makes mention of a Civil Court sale of a Kodiga Inam and of several Devadaya lands permanently leased or leased for long periods which has ultimately the effect of permanent alienations. Such sales & alienations in respect of Inams granted for the purpose of worship or service in a temple or a math are irregular & should perhaps be set aside.

7) In addition to alienations of endowed properties, the Mahant has pledged & encumbered lands worth over 50000 Rs. &c.

Serial No

amounting to Rs 15,000 nearly, the decretal amount aggregating nearly 21000. (Vide St. V sub by the Swamiji).

From the Statement sent by the Swamiji it appears that there is an outstanding debt of Rs 40593 on which the interest of Rs nearly Rs 7000 is payable.

×Rs 980

In Statement VI is indicated by the annual expenditure in Swamijala the ~~actual expenditure~~ of Malt, ~~Mand~~ and a sum of Rs 3474 is asked to be provided in case the Malt is assumed by Govt. This seems to be capable of reduction to about Rs 2500, as indicated in pencil on the Statement; but this amount has to be found from the funds or income of the Malt.

In The Swamiji in his letter from Srirangam dated 6th May 1919 makes two alternative suggestions (1) that the Malt & its endowments may be taken under Govt management & in such case an annual sum of Rs 3474 be made for expenditure in the Malt or (2) that if the whole of the pensionable, about Rs 3,000 per annum, passed to Swamiji & his successors, on the Kumbhi, the annual pensionable ~~expenditure~~ charge will be reduced to 30 per cent.

NOTE—Contd. sheet

The grant of such a large loan to a Mattadhipati of this description is entrusting money to dangerous hands, And seems to be one of the questions. The only course of procedure to relieve the situation is the assumption of the management by Govt.

(5) As regards the funds of the Matt,— If the Swamis Statements of accounts are to be relied upon, and if the Devadaya lands are to be relieved of the encumbrances created by the Swamis, a total sum of Rs 4000 may be available every year from the income of the unencumbered properties; and if the Govt of Rs 2500 can be provided annually to the Matt, a sum of Rs 6500 will remain every year for discharging loans & for other charitable expenses in the Matt.

(6) The Assistant Collector, Mr. [illegible] the Inamdar Sahib when he visited Uravu in August 1917 seems to have told him, that the Uravu Matt in case broad-minded, [illegible] to demand advance money to the Matt, [illegible] of taking the Matt under [illegible] conducted. The Amildar [illegible] signed by Contractors [illegible] American Gyan Pal & Bros [illegible] Commandeer [illegible] Advance money [illegible] Management [illegible] Uravu Matt [illegible]

paid interest at 9 % per annum on their money. They say that the properties which have gone out of the Swamis hands by means of mortgage, securities &c are of small value and that the Matt will gain little by their redemption, but that those which have been sold, or auctioned by Civil Courts &c are very valuable ones, and that if these properties are relieved of this encumbrance which extends to 16000 Rs, the Matt is sure to gain substantially. They further say that if Govt will stand responsible for this Amount, they will advance the Amt as each property is relieved, in case the above mentd rate of interest is given to them as they, and pray that the Govt may be pleased to assume management of the Matt & properties.

67 This will perhaps be a welcome proposal which Govt might be pleased to accept. In this case an annual interest of 1440 Rs or Rs 120 per month for interest can be easily provided for, Especially as a major portion of the properties will in due course come back to the Matt and leased out for advantageous terms.

The Swami is anxious that the Matt affairs should be placed on a satisfactory footing soon and the Dy Com^r has asked for early orders in the matter.

68 The present difficulty is that apart from the statements of accounts received from the Matt, there is no authentic official record of the Matt endowments and the extent of their alienations, & of the extent of liabilities of the Swamis and the income & expenses of the Institution. There seems to

a necessity for another visit of the Murrai sepoy to the place, or a further enquiry of the local officers in this matter.

Respected Sir

We the undersigned
humbly beg to state as follows:

We are natives of the
Asura caste which is governed
over by one head, a samasthanam
Bhaleshi-mann who came to
the office in 1751 A.D.

The Mutt originated as a
branch of Sri Sankaracharya
Peeta more than three centuries
ago, and as such was and is,
and is entitled to all
the rights, privileges, and honors
that are being enjoyed by the
other premier Mutts of Sri
Sankaracharya Peeta. These
rights, privileges, and honors
were granted and recognized

from time to time by various rulers.

At the time when the present Swamy came to office, the Trust possessed immoveable properties worth about Rs 50,000/- most of them being grants given to Government for the maintenance of the Trust and the worship of its deities. These properties were yielding a net annual income of not less than Rs 10,000/- The moveable properties belonging to the Trust at that time were worth about Rs. 50,000/-, there including about Rs 10,000/- cash in deposit and jewels and plate. Some of these had been given to the Trust by His Highness the Maharaja and other Rulers and Zamindars.

About 100 villages belonged to the Trust.

Soon after the present Swamy, he began to construct dams on a large scale for his own private purposes

purposes, the character of [illegible]
to be king, is such as to
degrade the king in the eyes
his own people, to weaken and destroy
all reverence to the laws
over which he ought to be

We beg to submit that the Inam Villages were granted by Government for the maintenance of the mutt institution and the jewels and plate were presented for carrying on the worship of the mutt deities, and the swamy is but a mere trustee for the proper administration of the mutt's affairs. And in as much as he has alienated the mutt properties or converted them to his own private and unreasonable use, it is submitted that he has committed offences for which he is liable to criminal prosecution.

As submitted above, the lands and villages were given to the mutt, and not to the swamy in his private individual character. We are the Kudimirasdars of the mutt obliged to pay rents and render services to the mutt. Of the alienation made

made by the Swamy are not set
aside the rights of all the tenants
of the trust will be jeopardized
and the trust itself will come to
ruin

In June 1912 Gov.
were pressed to take over the
management of the trust
[illegible] a demand
its properties [illegible]
the Swamy and that the trust
that the time has arrived is in a
very sound condition. It is
the humble wish of all the
disciples of the trust that
Government may kindly take

the trust properties and thereby

Sir,

With reference to your docket No.1644/Muz.435-12-3 dated 12th instant, requesting early submission of a report regarding the mismanagement of the Avani Mutt affairs, I have the honor to state that the allegations made by the petitioners were enquired into by Mr. A. Vedantadesigam Iyengar in April 1911 at the request of Mr. C. Srikantesvara Aiyar the then Deputy Commissioner, and the state of things were reported to Government in detail in this office No. 8704/292, dated 4th May 1911. He also exerted himself with all his tact and influence to induce the Swamigalavaru to hand over the management of the matt to Government pointing out the advantages that will accrue to the matt and himself. But the Swamigalavaru is stubborn being led astray by his evil advisers and bad surroundings and would not give his consent to the transfer of the management to Government.

2. From enquiries made by me during the course of the Jana andi of Mulbagal taluk and also from the

convinced that the Swamigalavaru is still under the influence of his advisers, and the affairs of the matt are in a deplorable state, and if Government does not interfere and take over the management at the earliest opportunity nothing will save the matt.

3. In this connection, I beg to point out that if Government had seen their way to take over the management of the matt soon after the failure of the personal advice of Mr.L. Anantaswami Rao, the then Muzrai Secretary, the alienation of most of the matt properties would have been averted, and the matt too would have been restored to its original dignity and respect, and its financial condition too would not have been seriously impaired.

4. Under the foregoing circumstances, I earnestly solicit that you may be so good as to obtain early sanction of Government to bring the matt affairs under Government management.

5. The petition together with its enclosures is herein enclosed.

Sir,

In continuation of this office letter No.205 dated November 1914, re the affairs of the Sri Avani Matt in the Mulbagal Taluk, I have the honor to state that the Swamigalavaru left Avani in April last and is touring in the District.

2. The Swamigalavaru prays that the properties referred to in his Srimukha may be entrusted to Government for management, but I am not sure that all the properties mentioned in his Srimukha are in the possession of the Swamigalavaru and an amount of Rs.2,500 is due to Government for kandayam. In the present state of the Matt affairs, there is no likelihood of its being brought into a satisfactory state within a reasonable time until all the liabilities are paid and I therefore request that sanction of Government may kindly be obtained to take over the Matt and its endowments under Government management.

3. The scale of expenditure can be fixed after ascertaining the exact income from the Matt properties and separate proposals will be submitted in due course.

4. Malur Sub-Division Officer's yadis Nos. 1089 and 178 dated 21-5-15

and 6th August 1915 are herewith submitted for reference.

I have the honor to be,

(5) The balance available as net income to the Matt.

II. Out of the total of such available income, what is the proportion which should be kept bye as allowance to the Swami and for the maintenance of the Matt.

What is the net amount which can be made available for repayment of the debt and in how many years, will the debt be wiped out.

III. If any of the lands still in the ownership of the Matt is actually in the

possession of others, on what terms are they in possession and how can the possession be taken over. Whether the possession can be taken over peacefully or whether recourse to Court is necessary.

IV. Are there any lands definitely characterised as Devadaya at the Inam Settle ment which have since been alienated either by private sale or Court auction or by way of mortgage or permanent lease or very long lease. If so give details as under III.

When all these details are ready the Government will be in a position to know if their taking over management will do good to the Matt. Otherwise proceedings can only be taken as against Devadaya properties endowed to the Matt by Government.

Deputy Commissioner, Kolar District.

To

T. E. Jayarama Iyer, Esquire, B.A., B.L.,
Secretary to the Government of Mysore,
Muzrai Department, Bangalore.

Sir,

With reference to your letter No: 212 C/Muz: 435/12/4 dated 13th January 1920, asking me to verify the figures of income from matt property &c., furnished by the Swamigalavaru of the Sri Avani Matha in the Mulbagal Taluk, I have the honor to state that the figures mentioned in the several statements furnished by the Swamigalavaru cannot be taken as correct, as most of the properties have been disposed off by Court sales some years ago and there is no chance of getting them back.

2. I think it is not possible to furnish the correct income of the matha properties till they are taken over under the Government management as the available information cannot be regarded as either quite accurate or upto-date. Further there is every probability of meeting with difficulties and complications when individual properties are attempted to be taken -- under Government management. In any case the annual income after deducting Land Revenue &c., payable to Government cannot be taken at a figure higher than Rs. 826/- as reported by the Sub Division Officer and the Amildar.

3. Against a possible maximum annual income of Rs. 826/- the scale of expenditure proposed by the Swamigalavaru amounting to Rs. 3,474/- per annum is manifestly extravagant and impossible. The Sub Division Officer, recommends a scale of expenditure of

of Rs. 600/- per annum, but I am not sure if even this may not exceed the net income of the Institution. However, I think that the scale can be fixed only after getting an accurate idea of income which can be done only after actually taking over management.

4. As the affairs of the mutha are hopelessly bad, early orders in the matter of taking the Matha and its endowments under Government management, may kindly be obtained in the interests of this ancient Institution. In this connection I would like to suggest to Government if, pending actual taking over of possession, it is not possible and desirable to have an injunction issued against the Samigaru preventing him from alienating the remaining property of the Institution.

5. The file of correspondence ending with the Tolur Sub Division Officer's Yadi No: 1119 dated 22nd March 19[illegible] is herewith submitted for reference.

supported the matt. A loan
of Rs 60,000 at an easy
rate of interest on the
security of the inam village
of the matt in and
outside the State, is wanted
by him to get back his
alienated properties, to
improve his lands and to
pay off creditors.

3. The Dy Com. is
strongly of opinion that
resumption of management
the only course left open
keep the matt going. The
ded properties of the
matt

matt consist of (a) Sale
tndowments and (b) other
lands acquired by the
matt. Of (a), the aggregate
assessed value (total of annual
assessment) is Rs 2654-6-0
Of these the total annual
assessment of unencum-
bered lands is only Rs 683-12-0;
possession of the unencumbered
lands can be taken at once
with regard to the alienations,
these could be contested
under the Inam rules.
Of (b), the value is not
known accurately; the
amount of the encumbrances
is not specifically known; in
the properties may or may
not be in the possession of
the Swami; possession may
be taken of lands of which —

the Swami can give actual possession; and only the subsisting rights of the Matt in the transferred lands can be enforced in the Civil Courts. According to the Swami, the annual assessment of the lands of the Matt amounts to Rs 2567-12-8. Exact information can be had only when a regular list of the landed properties is made under proper supervision, after Scrutiny of the Matt and revenue accounts.

4. The Swamiar in his Tirumukha of Feby 1914, summarises his financial position as follows:

	Per annum.
Rent from Jettadars	Rs 2,100
Produce of lands in poss^{n}	Rs 2000
Total	Rs 4,100
Deduct dues to Govt	Rs 2,920
Balance	Rs 1180.

With a view to get correct lists of properties, to ascertain the extent of encumbrances and to interview the Swami, the Kurzai Supt & Ex officio Joint Secretary to Govt. on a visit in Augt 1917 but the Swami was absent and no responsible person to speak on behalf of the matt could be found. Authentic information was not ava-lable; the only materia points ascertained were 1st Ly that about Rs a p 407-8-0 Annual Assessment worth of lands were encumbered and 2ndly that the amount for which lands had been alienated both voluntarily and in lower Sales, approximated Rs 16,000. It was suggested

to the disciples that they might set about con-certing plans to help the matt in its difficulty. Some of them have since come forward to advance Rs 16000 to the matt at 9 per cent interest. if Govt would guarantee the interest, assume manage-ment and undertake to recover the lands alienated.

5. The situation amounts to this: a Mam and other lands which the Swami actually possesses can be taken over, with the encumbrances if any on them; b the restoration of the management of the temple of Sri Ramalingaswami Swami, taken from the Swami

done
No Mutalikofa Shop Management
is out of the question; no
No loan can be given, only

the period of management
which will have to be a

6. Orders are solicited

of the situation as
summarised above (in
para 5) to the Swamis.
